

St. Albert the Great

Camp Discovery

2010

The Joy of Learning

Give your child the joy of learning this summer at *Camp Discovery*.

Camp Discovery is a fun-filled day camp in science, computers, arts and crafts, drama, games, and fitness. It is open to all children who are entering the first grade to those who are completing the sixth grade.

Camp Discovery is taught by certified teachers, and all learning activities are tailored to each child's grade level. Your child will experiment with sound, light waves, and magnetism. And there are activities involving different forms of food energy.

The children make and fly paper airplanes, frisbees, and parachutes. They use Printshop in the computer lab, making banners, signs, and stickers. They also use KidPix to create animations and graphics.

There's more. Children use their imagination in drama activities. They practice life skills—listening, speaking, memorizing, and self-expression.

There's still more. Physical activity programs focus on fitness, good sportsmanship, and fair play. And by popular demand, they'll again **Build-a-Kite**.

Wild Wendy's Bird Show tops off this year's *Camp Discovery*. Originally from Hinckley, Wendy Horten has been on the Jay Leno and Howie Mandel shows. Her show features outstanding birds performing amazing stunts.

Start your child's summer with the Joy of Learning. *Camp Discovery* makes learning fun, and your child will love you for it.

Sincerely yours,

Jane Anthony,
Camp Director
